So...

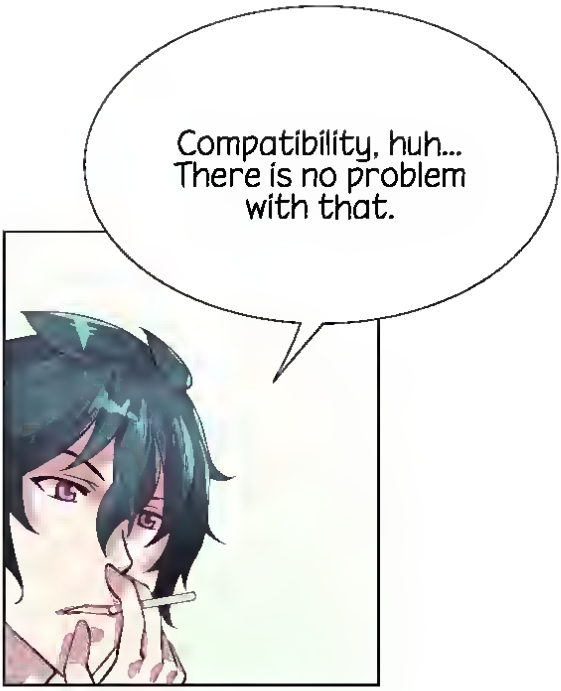
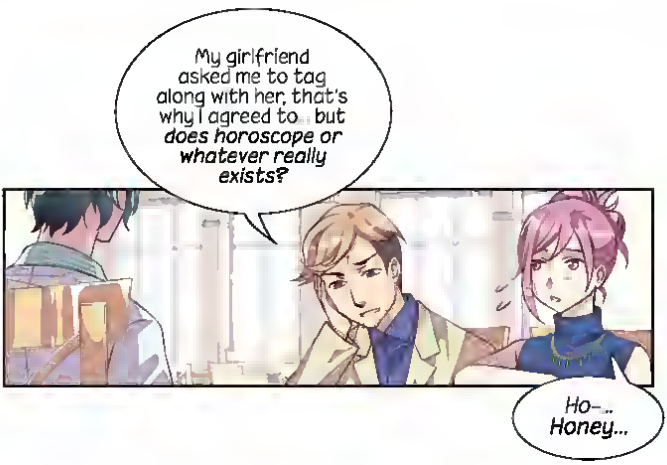
What do you want to know?

We want to know our *compatibility* as we are soon getting married.



Compatibility, huh... There is no problem with that.



My girlfriend asked me to tag along with her, that's why I agreed to... but does horoscope or whatever really exists?
Ho-... Honey...

...

Just then, I was talking about your *natal compatibility*.

Natal horoscope can be determined by looking at the *birth time* and *place*, and the *star location* at that time.

There is a proverb I like...

I can even know the things a customer *wants to hide*, so rest assured.

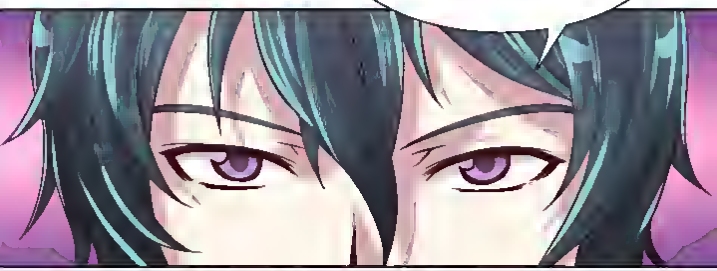
ECLIPTIC

BIRTH DATE : Y M D TIME

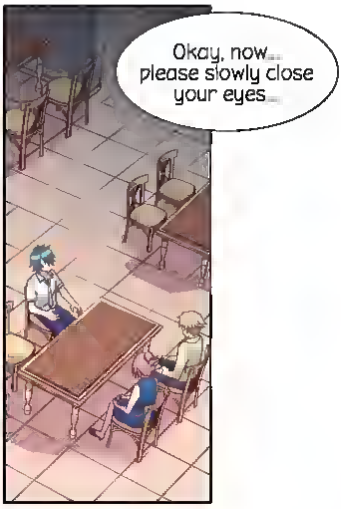
LOCATION : (LATITUDE LONGITUDE)

So... *should we start now?*



~Star Star Star~
HOROSCOPE CAFE

04 - SCORPION CAN SEE THROUGH



Okay, now...
please slowly close
your eyes...

It's getting dark...

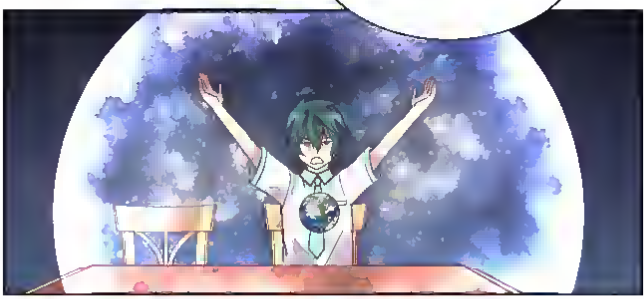
We are going back to
the day you were born.

It sounds like some *mantra*...
Hm~hm

It's **THE EARTH**. In astrology, the planet we are staying plays as the *main character*.

And remember... the Earth is surrounded by a *big sphere*.

This sphere contains a countless amount of stors.



This is the *PALACE OF THE SKY...*

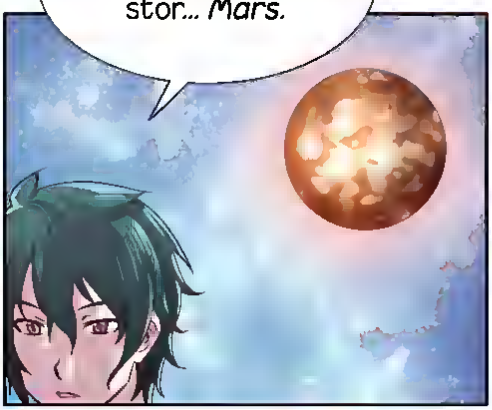
This is *HOROSCOPE.*

Seven stars exist in the horoscope.
Nnn

First of all, the Sun's nearby traveler is *Mercury*. A small star full of curiosity.

Next is *Venus*, the glorious shining stor. It's known os the plonet with the longest doy.

And the most doring, courageous stor... *Mars*.



The most magnificent star among them. *Jupiter*.

Next is *Saturn*. It has a very special ring. It's known as the unluckiest star.

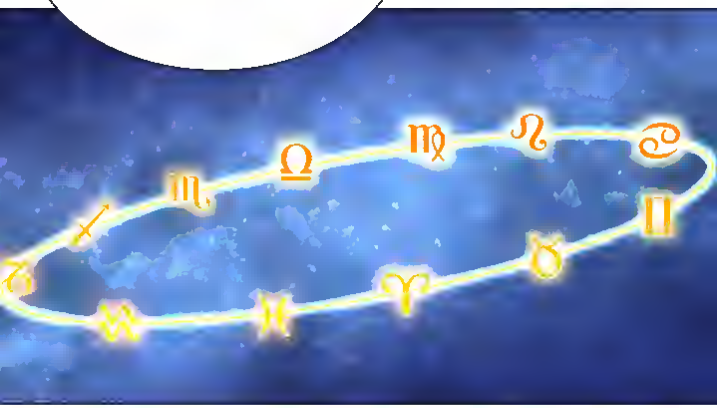
And the Maon is the nearest star to Earth and faster than any other star.
And the last, the star which burns itself far the sake af ather stars till the end...
The Sun.

As you know already, the Sun's path follows Earth's equator line.

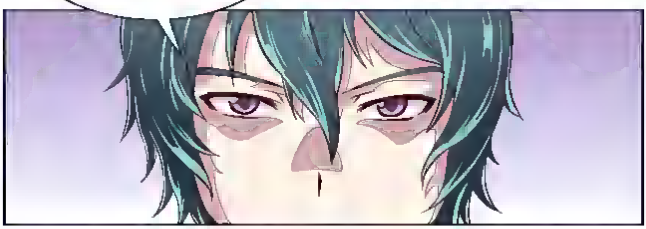
Ah... of course the Earth roams around the sun, but for now as the Earth is the main point of our discussion... let's pass it.

The path on which the Sun passes is called **ECLIPTIC.**

This *ecliptic* is the place where 12 zodiac signs exist.



Like this... we have *seven stars* and *12 signs.*

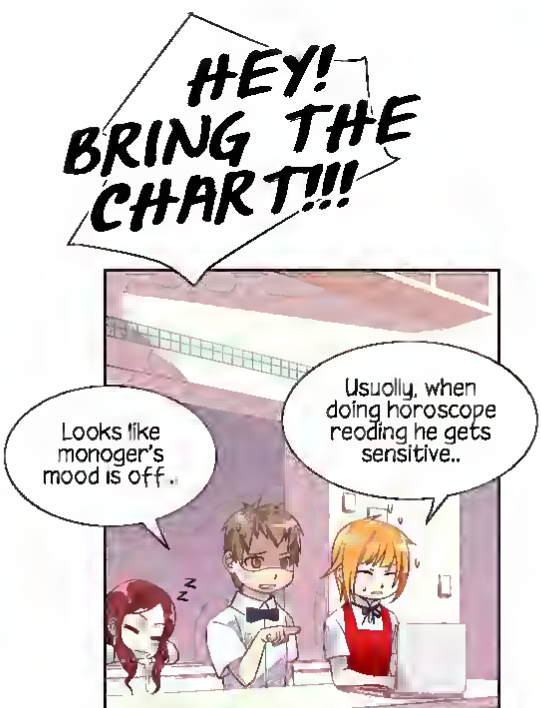


Now... we ore done.

Please open your eyes.

Huh? What? Is it over?

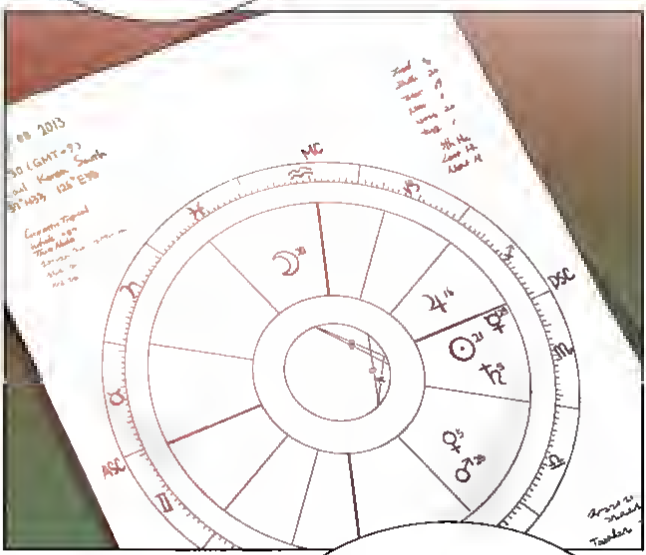
"Interesting", huh...
Was he sleeping?



HEY! BRING THE CHART!!!
Looks like monoger's mood is off..
Usually, when doing horoscope reading he gets sensitive..
ZZ

This is what the universe's surface looked like on your birth day.

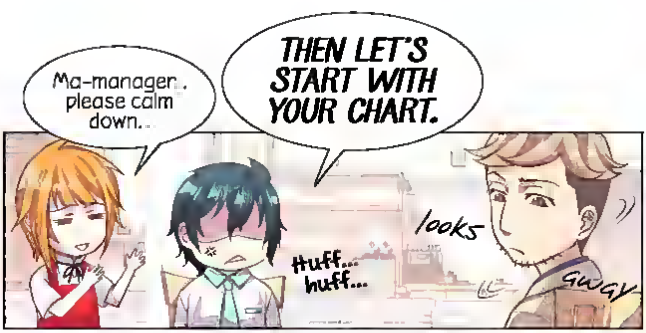
You will see a partition above the virtual lines of your horoscope. Each square is called *"HOUSE"*



These houses divide each person's personal life into 12 parts that have been ruled by the stars residing in, and by reading them, we're able to predict that person's destiny. This is called *natal astrology.*

To tell you in *a* simple way, *we can say it's the ID (identity) of the universe.*

PR/N: Transportation card is like a debit card where money is deposited into the card and used to pay for public buses and subways ticket



Now, let's see...

By any chance, do you *often have a hard time sitting in the same position* for a long time and get tired of it?
Yeah... because normally I'm a very active person.

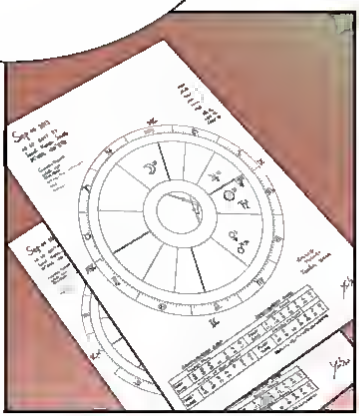
As expected...

You have problems with ***THE OTHER GATE****.

BONK

PR/N Airborne military term, 'fourth point of contact', go google it... ^^"

This gentleman's chart owner is Mercury. But it's in the 6th house which signifies ***illness***... This means you will get sick frequently because of trivial matter.



And the sign of the 6th house which has the illness is Scorpio. Scorpion represents secretive body port, therefore...
DID YOU JUST SAY THAT I HAVE HEMORRHOIDS?!!!
bang
Wha.. what kind of filthy talk is this?!
sit
down

sting

Ahh...

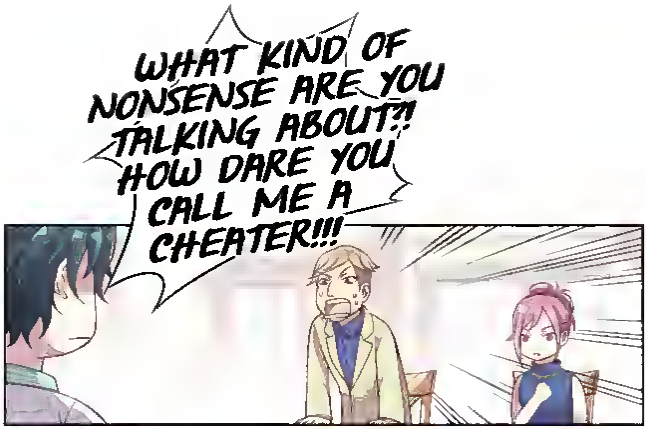
If I may continue...
The 1st house, which represents *the confidence level*, has a twin.
The twin star's attribute is...

CHEATER.

YOU!!! DO YOU WANT ME TO SEND YOU STRAIGHT TO HELL?!!!
BANG

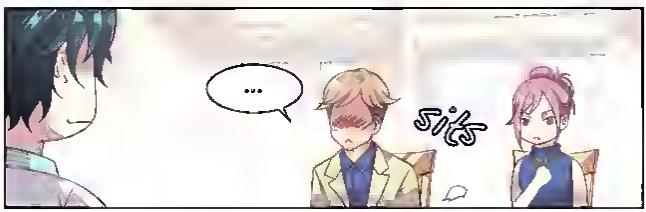
Honey...
is it true...?

N-No... I don't understand what's he talking about...



WHAT KIND OF NONSENSE ARE YOU TALKING ABOUT?! HOW DARE YOU CALL ME A CHEATER!!!

Shit!
Oh! Be careful
falls

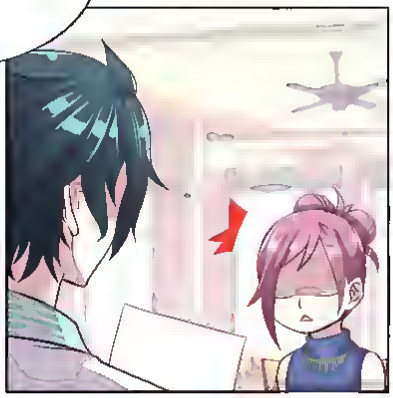


...
sits

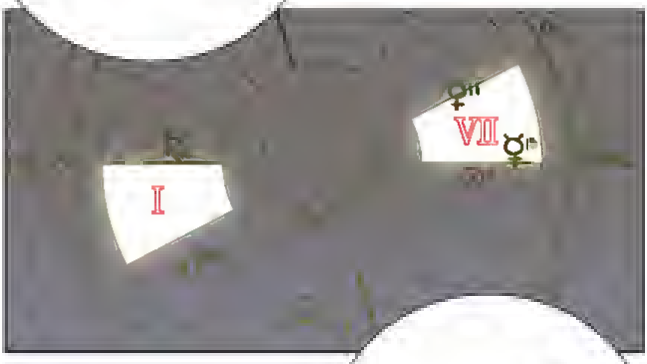
Okay then, now... let's take a look at the lady's chart.

Uhm... sorry, but.. could you please wait for a~

Oh~ THIS IS INTERESTING.



In the horoscope chart, the 1st house symbolizes the confidence level, and the opposite house, the 7th, symbolizes partner, boyfriend, and spouse.



But that 7th house is generating *double body sign* and that implies...

TWO MARRIAGES.

Ho-Hold on! What do you mean by 'TWO MARRIAGES'?! Are you saying that we're going to be divorced after we marry or what?!

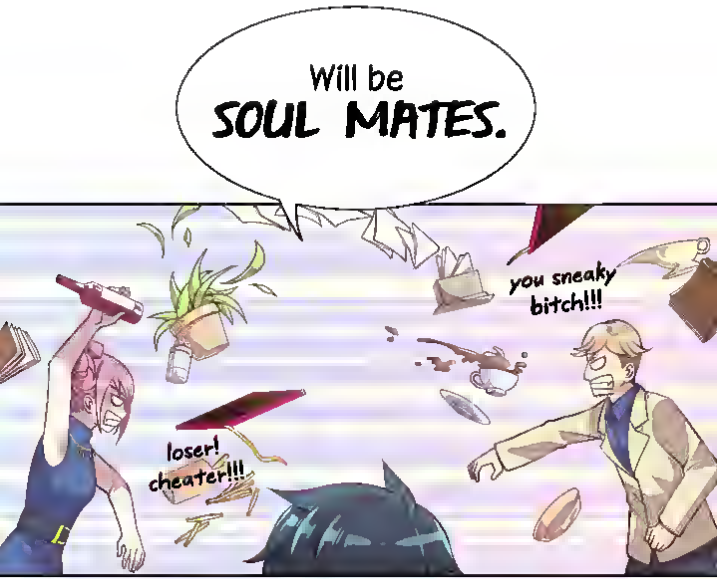
Ah, no... don't worry obout thot, becouse occording to this chort...

THE DIVORCE HAS ALREADY BEEN DONE ONCE.

HOW CAN YOU SAY THAT KIND OF THING SO BLUNTLY?!
!!
HONEY, IS THIS TRUE?! YOU DECEIVED ME?!!!
I WAS GOING TO TELL YOU SOON ENOUGH!

Now, please calm down and let me see your marriage compatibility.

Usually, if there is *a lot of similarities*, then there will be *positive compatibility*. Let's see... *CHEATER*... *REMARRIAGE*... Hmm... In my point of view, both of you...



Will be
SOUL MATES.
you sneaky bitch!!!
loser! cheater!!!

horoscope is.. really interesting..
haha...
Woohoo~ throw harder~!

Phew~
Now, Mr. Bull...
Yes?

?

GO AND GIVE THEM THE BILL.
SAY WHAT?!!!

Hang in there! Ha Soo.

Excuse me... sorry to interrupt you... but please make the payment first...
MARRIAGE CHEATER!

The color red is the unluckiest one...
